

## **Lull Telehandler Part**

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement accuracy ever since the year 1959. The Lull telehandler can really help make the work faster and easier, whether the task involves transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available along with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement capabilities. There are even various optional Lull attachments for their telehandlers to be able to help do whatever job.
