

Rockwell Parts

Rockwell Parts - AxleTech International is a leading provider in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its clients' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for service, technology, delivery and quality. They believe in working in an environment that supports the highest integrity with empowered collaboration, combined with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great importance on being an environmentally conscious company and providing a safe atmosphere for their employees to work in. Additionally, they have applied several programs within the company so as to help convey these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whichever questions or comments, because they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely devoted to improving and preserving the natural environment. AxleTech has an EHS program that not only protects the environment but which likewise actively protects their neighbors and staff as well.

AxleTech specializes in the manufacture and designing of planetary axles used for both commercial and military applications, that may comprise anything from airport ground support to construction equipment. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech specifically designs axles so as to meet specific application demands. They have over one thousand different axle specs within their current offering. With more than one hundred years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle needs. The business is well known in numerous commercial and military applications. They offer complete axle assemblies used for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which could be seen in the "ISAS" product collection.
