

Advance-Nilfisk Part

Advance-Nilfisk Part - Imagine how long and tiresome it will be to tidy up after a party, with no help from equipment. Previously, the dust from upholstery and carpets had to be beat out of them manually; brushes, cleaning cloths and brooms were the leading cleaning products back then.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Establishing the business in the year 1906, he began to produce motors to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the beginning was to have a global company marketing goods worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which can be operated by a single person since it just weighed 17.5 kilos! This invention came in a time where other cleaning equipment were very big and required 4 or more operators, thus, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide an excellent solution to an ongoing problem; stuff get dirty and have to be cleaned frequently, without too much effort.

Gradually, the business Nilfisk-Advance grew all through the years. In the early 1980's the business grew more rapidly when the business became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance forward within the trade, aiming to be an active worldwide player in producing professional cleaning machines. Nilfisk-Advance is currently represented in every part of the world due to gradually obtaining lots of smaller businesses so as to expand their product range and presence in new markets. They are proud to provide a range of cleaning solutions to fit each need.
