

TCM Forklift Parts

TCM Forklift Part - Forklift trucks are an important player in the material handling field of each global industry. Transporting industrial goods happens each day on our hectic planet. Primarily innovated as industrial vehicles during the 1930s in America, forklifts gained recognition after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread worldwide.

In 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the company is simply referred to as TCM Corporation. Over the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the industry. TCM started constructing forklift manufacturing locations outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes many models of industrial trucks with over 50 years of accumulated technology and expertise, making their products used and recognized all over the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading company.
